FIRST QUARTER 2017 INFLATION ADJUSTMENT FIGURES FOR CABLE OPERATORS USING FCC FORM 1240 NOW AVAILABLE

This Public Notice is applicable to rate-regulated cable operators that use FCC Forms to justify their cable rates.¹ Cable operators adjusting the non-external cost portion of their rates for inflation should follow the instructions provided with the applicable FCC Form. All inflation adjustment figures are based on changes in the Gross National Product Price Index (GNP-PI) published by the United States Department of Commerce, Bureau of Economic Analysis (BEA). The Media Bureau obtained the chain-type price indexes from the BEA news release dated June 29, 2017 (BEA 17-32) at Table 6 (Addenda: Gross National Product).

FCC Form 1240 - Operators filing FCC Form 1240 may make an adjustment based on quarterly figures. The first quarter 2017 inflation factor for operators using FCC Form 1240 is 1.96%. The adjustment factor of 1.96% is a measure of the annualized change in prices occurring over the period from January 1, 2017 to March 31, 2017. The inflation adjustment factor is calculated by dividing the GNP-PI for the first quarter of 2017 (112.863) by the GNP-PI for the fourth quarter of 2016 (112.318). The result of this calculation is converted from a quarterly change measurement factor to an annual change measurement factor by raising it to the fourth power.

Operators calculating the Inflation Factor for a True-Up Period which includes some portion of the first quarter of 2017 should enter the inflation factor on the appropriate lines of Worksheet 1 of FCC Form 1240 as "0.0196." Operators using this factor for calculating the Projected Period Inflation Segment of FCC Form 1240 should enter this number on Line C3 (January 1996 version), or Line C5 (July 1996 version) as "1.0196".

¹ Pursuant to 47 CFR § 76.922(e)(2) of the Commission's rules, cable operators may adjust the non-external cost portion of their rates for inflation.

To date, the Commission has released eighty-seven quarterly inflation factors for use with FCC Form 1240. The following table lists these factors beginning in 2013.²
